Eagle Island

Your Own Private Paradise

The lodge has a huge 1,500 square foot screened porch, complete with hot tub and fireplace.

If you are looking for the perfect retreat, how about your own private island? Eagle Island is a unique 10 acre private island located near the Golden Isles area in Georgia.

Since Eagle Island is accessible only by boat, it is very peaceful. All you can hear is the sound of birds and a faint breeze from the ocean. You have definitely left the hustle and bustle of civilization behind. Eagle Island is a great place for the fisherman or nature lover alike.

The winding pathway from the dock leads you up to the magnificent Eagle lodge. Here you can sit down on the porch, relax and enjoy the tranquility of the island. Sometimes you

can see shrimp boats pass by, and if you're lucky you might even see the eagles. The nest is just a few feet away from the lodge.

The lodge is absolutely stunning. Every detail has been carefully planned and executed. The great room is warm and inviting with cypress-paneled walls, vaulted ceilings, and a magnificent stone fireplace in the center of the room. The kitchen is equipped with stainless steel appliances, accented by Turkish limestone countertops and custom cabinetry. The kitchen would make any chef feel right at home.

The Eagle Lodge sleeps ten. There are two bedrooms and baths on the main level. The loft sleeps two and there's an additional bedroom with bath downstairs.
